BIG COURT MONTH.

The month of July, in city police court, was the largest in point of numbers of cases filed, in the history of the incorporated community. 132 cases were filed and from this number \$989 in fines were collected. In the month of June the amount of fines was considerably larger but this was due to the character of a number of offenses. Judge Thomas, owing to the immense amount of work in the court, has just about decided to "holer" for a clerk. Never before in the history of Bisbee police work has the office of city magistrate been as severe in its obligations as at present and the appointment of the incumbent has solved, to the satisfaction of all who are in touch with the affairs of the office, the question of getting the work efficiently and economically done.
